

Retirement Health Plans

Congratulations on retiring!

You've worked hard to get to this stage in life and now you can spend time enjoying all that life can offer.

As Canadians, we're fortunate to have universal healthcare, but upon retirement, some services like dental, drugs, health benefits, and travel insurance may not be covered.

As we age, our health becomes increasingly important, so retirement is a good time to choose a Personal Health Plan that keeps you protected as things change. Designing a plan that fits your lifestyle means you can budget for what you need while adjusting to living on a fixed income. Knowing what you have to spend to take care of your health and wellbeing allows you to plan for new adventures, travels and everything else you want to do now that you are retired.

TRUE BLUE DIFFERENCE®

You've taken the first step by coming to us, and we're here to ensure you have an exceptional experience.

We love what we do, we're passionate about the services and products we offer, and we care about the people we work with every day—our customers, our colleagues, our communities.

Because in the end, it comes down to what really matters . . . caring for you.

That's the True Blue Difference.

Personal Health Plans

Your new Personal Health Plan should ensure you are receiving the coverage you need today and tomorrow, and that means it may be different from the employer benefits plan you were using. Now that you're retired, your needs may differ. No stress—our experienced customer service representatives will help you make the choice that's right for you.

Saskatchewan Blue Cross offers comprehensive, affordable health insurance plans to provide coverage that meets your health care needs now and in the future. Whether you're applying as an individual, couple or family, our plans are designed with you in mind and we'll take the time to help you through the process.

Basic Plan

Everyone starts with a Basic Plan that comes with 20 core benefits for everything from ambulance to vision care. The Basic Plan starts at \$10.05 per month.

Optional Benefits

From there, you can add custom options that you think you'd like to have. There are seven optional benefits that start at \$1.85 per month and include prescription drugs, dental and VIP travel.

Guaranteed Plan

If you're leaving an employer benefits plan, we offer a plan that comes with guaranteed acceptance and no medical questionnaire. We encourage you to complete the medical questionnaire anyway, particularly if you're healthy and have minimal pre-existing conditions. It won't hurt your chances of qualifying for our guaranteed plan, but it will give us all the information we need to present you with all your other Personal Health Plan options.

Continuous Coverage

Preparing for retirement is an exciting time, and ensuring your Personal Health Plan is providing you with continuous coverage will give you and your family a cushion of financial security. Contact us within 60 days of leaving your group/employer benefits plan to ensure there is no interruption in coverage.

We're here to help you choose the right plan. After you submit an application, we'll contact you to go over your options and guide you through the process.

Here are four easy ways to get started:

- Visit our website sk.bluecross.ca
- Call 1.800.667.6853
- Drop in at our Saskatoon or Regina offices
- Contact your local broker
