Faiza

HR MANAGER

“Designing a custom group benefits plan allowed us to offer benefits to our diverse range of employees to meet their individual needs, while also considering the long-term sustainability of the plan.”

I love that I have a dedicated Client Experience Representative, so I know who to reach out to if we ever have questions or need help. We also have access to a library of resources to support communication to our employees about their benefits plan.”

Benefits at your fingertips

GROUP MEMBER SERVICES PORTAL & MOBILE APP

Employees can use the Saskatchewan Blue Cross mobile app and member portal to submit claims in under a minute. Our app comes packed with features, including helping users to find the nearest service provider, check their coverage and even use their phone as a virtual Member ID card.

Employee spending accounts

HEALTH SPENDING ACCOUNTS

Health Spending Accounts (HSA) are a non-taxable benefit that allows you to reimburse health expenses not covered by your Group Benefits Plan or government programs, and helps with co-insurance payments, deductibles, and amounts in excess of health and dental plan limits.

Employers specify the pre-tax credit to be available to your employees. Employees use the credits toward medical expenses that meet the eligibility of the CRA.

PERSONAL WELLNESS ACCOUNTS

Personal Wellness Accounts (PWA) allow you to address employee health and wellness needs at a holistic level, providing support for physical health, mental and emotional health, career health, and quality of life. You choose from the following categories, available in any combination:

- Health & wellness support
- Other medical
- Fitness & sports activities and equipment
- Green living
- Insurance premiums
- General lifestyle
- Family care
- Alternative health treatments
- Supplements & meal replacement
- Recreation & leisure
- Personal development
- Productivity & other

You determine the amount of credit to be allocated to the employee's account. Your employees use the credits toward expenses related to maintaining and enhancing health and wellness. The CRA defines the majority of PWA expenses as taxable benefits.
